Study Away Student Returning to Housing Application

This housing application should be completed by all students returning from study away and who are applying to live on campus. Please include any pertinent information or requests on the reverse side of this form. Should you be away during the Spring Housing lottery, our office will use this form to proxy for you and select your room. Every attempt will be made to honor your requests, but we are unable to promise a space on a specific type of floor or in a particular house. To avoid the possibility of not receiving an assignment, please make certain all accounts have been cleared with the Accounting Office, applications for readmittance have been sent and or any special clearances to return finalized.

* Please make choices carefully because this may be the only information we have when placing you in your assignment. You are not always guaranteed your top choices even if you have priority, because of limited spaces available.

If you are applying to any specialty housing, please attach a typed sheet with your responses to the questions below:

1. Please describe, specifically, why you are applying to live in this type of housing.
 2. What do you perceive as the advantages and disadvantages of living in this type of housing? How might you deal with the disadvantages?
 3. What would you contribute to the residential community?
 4. What do you hope to gain from this community?
-

My first choice is:

- To live in a single room (but I have listed friends below that I'd be willing to live with in case no singles remain)
- To live in a multiple room or apartment with my friends who already live in _____
- To live in a multiple room or apartment with my friends also returning to campus. We want to live in _____

Friends' information if applicable:

1. _____ Current housing assignment
2. _____ Current housing assignment
3. _____ Current housing assignment

* Please be advised that there are not always enough empty singles to accommodate all requests. If you are not able to indicate someone with a space in their room with whom you are willing to live, and we find that we must place you in a multiple, you will be randomly placed with someone. Your name will also be on a waitlist for a single room. If any of the students you have indicated are on-campus, please have them e-mail us so we know they are aware of your request and are also willing to have you join them in their multiple room.

Previous Housing Assignments (indicate number of semesters in each):

Freshman Year _____ Number of Semesters _____

Sophomore Year _____ Number of Semesters _____

Junior Year _____ Number of Semesters _____
