The Cyber Battlefield
OUR SHARED RESPONSIBILITY

Rebecca Rathbun is a Cybersecurity Solutions Advisor and Manager of the Partner Program at GreyCastle Security. She’ll speak about some of the common threats and attacks facing users today and how to protect yourself.

Josh King, Technical Director of Security at Atrion, is responsible for creating new security services leveraging partnerships with key vendors to solve critical business challenges for Atrion’s clients. He enables Atrion to execute successful security focused engagements, as well as educating clients on the complex industry of Information Security. He’ll speak about the evolution of his career in Information Security and what opportunities are available in today’s workforce.

Tyler Campbell and Steven Mailloux from Connecticut College’s Network & Information Security team will speak briefly about the rise in Ransomware attacks and how we protect ourselves at Connecticut College.

Tuesday, Oct. 25, 2016 • 3:30–5 pm
Charles Chu Room, Shain Library
Reception will follow

Co-sponsored by Information Services, Computer Science Department and Career and Professional Development
