Cross Listed Courses

Many departments choose to offer courses cross listed in other departments. Each course is listed separately but the students for each listing are in one classroom together at the same time and location with the same instructor. Enrollment numbers for cross listed courses should be viewed in the Cross List columns which add together the enrollment for each listing.

In the screen shot below, ES 326 and GOV 326 are cross listed. Looking in the Section, Act column, you can see that 9 students registered for ES 326 and 3 students registered for GOV 326. Looking in the Cross List, XL Act column, you can see the total of 12 registered students.
