Section 1: Product & Company Identification

Product Name:       Minute Mend™ Epoxy Putty
Product Number(s):  14070, 14071, 74070
Product Use:        permanent repair of holes and gouges

Manufacturer / Supplier Contact Information:

In United States:   In Canada:                   In Mexico:
CRC Industries, Inc. CRC Canada Co.              CRC Industries Mexico

24-Hr Emergency – CHEMTREC: (800) 424-9300 or (700) 527-3887

Section 2: Hazards Identification

Emergency Overview

As defined by OSHA’s Hazard Communication Standard, this product is not hazardous.
Appearance & Odor:  Green & white putty, amine odor

Potential Health Effects:

ACUTE EFFECTS:

    EYE: May cause moderate eye irritation.

    SKIN: Has caused allergic skin reactions in humans. A single exposure is not likely to cause skin irritation. Prolonged and repeated contact may cause skin irritation with local redness.

    INHALATION: Vapors are unlikely due to physical properties.

    INGESTION: Very low toxicity if swallowed. Harmful effects not anticipated from swallowing small amounts.

CHRONIC EFFECTS:   None known

TARGET ORGANS:     None known

Medical Conditions Aggravated by Exposure:  Unknown

See Section 11 for toxicology and carcinogenicity information on product ingredients.
**Product Name:** Minute Mend™ Epoxy Putty  
**Product Number(s):** 14070, 14071, 74070

### Section 3: Composition/Information on Ingredients

</tr>
<tr>
<td>Polymeric Phenolic Amine</td>
<td>32610-77-8</td>
<td>1 – 5</td>
</tr>
</tbody>
</table>

### Section 4: First Aid Measures

**Eye Contact:** Immediately flush with plenty of water for 15 minutes. Call a physician if irritation persists.

**Skin Contact:** Remove contaminated clothing and wash affected area with soap and water. Call a physician if irritation persists. Wash contaminated clothing prior to re-use.

**Inhalation:** Remove person to fresh air. Keep person calm. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Call a physician.

**Ingestion:** No medical treatment necessary.

**Note to Physicians:** Consider additional thorough skin wash with mild, non-abrasive soap and plenty of warm water for at least 15 minutes.

### Section 5: Fire-Fighting Measures

**Flammable Properties:** As defined by OSHA, this product is nonflammable.

</tbody>
</table>

**Fire and Explosion Data:**

**Suitable Extinguishing Media:** Foam, alcohol foam, CO₂, dry chemical, water fog

**Products of Combustion:** Oxides of carbon, oxides of nitrogen and sulfur

**Explosion Hazards:** NA

**Protection of Fire-Fighters:** Firefighters should wear self-contained, NIOSH-approved breathing apparatus for protection against suffocation and possible toxic decomposition products. Proper eye and skin protection should be provided. Use water spray to keep fire-exposed containers cool and to knock down vapors which may result from product decomposition.

### Section 6: Accidental Release Measures

**Personal Precautions:** Use personal protection recommended in Section 8.

**Environmental Precautions:** Take precautions to prevent contamination of ground and surface waters. Do not flush into sewers or storm drains.

**Methods for Containment & Clean-up:** Ventilate the area with fresh air. Wipe up uncured material. Organic solvents may be used to clean up residue. Place used absorbents into proper waste containers.
Section 7: Handling and Storage

Handling Procedures: No special precautions needed. Personal hygiene – wash thoroughly after handling, especially before eating, drinking, smoking, and using restroom facilities. Professionally launder contaminated clothing before use. Empty container precautions – do not reuse empty containers for food, clothing, or products for human or animal consumption, or where skin contact can occur. For product use instructions, please see the product label.

Storage Procedures: Store in a cool dry area out of direct sunlight. Containers should be tightly closed while in storage.

Aerosol Storage Level: NA

Section 8: Exposure Controls/Personal Protection

Exposure Guidelines:

N.E. – Not Established (c) – ceiling (s) – skin (v) – vacated

Controls and Protection:

Engineering Controls: Area should have ventilation to provide fresh air. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at the source, preventing dispersion into the general work area. Use mechanical means if necessary to maintain vapor levels below the exposure guidelines. If working in a confined space, follow applicable OSHA regulations.

Respiratory Protection: None required for normal work where adequate ventilation is provided. Use a self-contained breathing apparatus in confined spaces and for emergencies.

Eye/face Protection: For normal conditions, wear safety glasses.

Skin Protection: Use protective gloves such as rubber if skin is sensitive.

Section 9: Physical and Chemical Properties

Physical State: semi-solid; cures to solid
Color: green and white
Odor: amine
Odor Threshold: ND
Specific Gravity: 1.97201
Initial Boiling Point: 446°F
Freezing Point: ND
Vapor Pressure: ND
Vapor Density: ND (air = 1)
Evaporation Rate: NA
Solubility: insoluble in water
Coefficient of water/oil distribution: NA
pH: NA
Volatile Organic Compounds: wt %: 0 g/L: 0 lbs/gal: 0
**Section 10: Stability and Reactivity**

**Stability:** Stable

**Conditions to Avoid:** None

**Incompatible Materials:** None

**Hazardous Decomposition Products:** Carbon dioxide, aldehydes, acids, oxides of sulfur and nitrogen

**Possibility of Hazardous Reactions:** No

**Section 11: Toxicological Information**

Long-term toxicological studies have not been conducted for this product. The following information is available for components of this product.

**Acute Toxicity:**

**Reproductive Toxicity:** No information available

**Teratogenicity:** No information available

**Mutagenicity:** No information available

**Synergistic Effects:** No information available

**Section 12: Ecological Information**

Ecological studies have not been conducted for this product. The following information is available for components of this product.

**Ecotoxicity:** No information available

**Persistence / Degradability:** No information available

**Bioaccumulation / Accumulation:** No information available

**Mobility in Environment:** No information available

**Section 13: Disposal Considerations**

**Waste Classification:** This product is not a RCRA hazardous waste. (See 40 CFR Part 261.20 – 261.33)

Empty containers may be recycled.
All disposal activities must comply with federal, state, provincial and local regulations. Local regulations may be more stringent than state, provincial or national requirements.

### Section 14: Transport Information

- **US DOT (ground):** Not Regulated
- **ICAO/IATA (air):** Not Regulated
- **IMO/IMDG (water):** Not Regulated
- **Special Provisions:** None

### Section 15: Regulatory Information

#### U.S. Federal Regulations:

- **Toxic Substances Control Act (TSCA):**
  All ingredients are either listed on the TSCA inventory or are exempt.

- **Comprehensive Environmental Response, Compensation and Liability Act (CERCLA):**
  Reportable Quantities (RQ’s) exist for the following ingredients: None
  
  Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee.

- **Superfund Amendments Reauthorization Act (SARA) Title III:**
  Section 302 Extremely Hazardous Substances (EHS): None
  
  Section 311/312 Hazard Categories: Fire Hazard No, Reactive Hazard No, Release of Pressure No, Acute Health Hazard No, Chronic Health Hazard No
  
  Section 313 Toxic Chemicals: This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372: None

- **Clean Air Act:**
  Section 112 Hazardous Air Pollutants (HAPs): None

#### U.S. State Regulations:

- **California Safe Drinking Water and Toxic Enforcement Act (Prop 65):**
  This product may contain the following chemicals known to the state of California to cause cancer, birth defects or other reproductive harm: None

- **Consumer Products VOC Regulations:**
  This product is compliant under the category of Sealants and Caulking Compounds.

#### State Right to Know:

- **New Jersey:** 14807-96-6, 65997-17-3
- **Pennsylvania:** 14807-96-6, 65997-17-3
- **Massachusetts:** 14807-96-6, 65997-17-3
- **Rhode Island:** 14807-96-6, 65997-17-3
Controlled Products Regulations:

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains information required by the Controlled Products Regulations.

WHMIS Hazard Class: D2B

Canadian DSL Inventory: All ingredients are either listed on the DSL Inventory or are exempt.

European Union Regulations:

Additional Regulatory Information: None
