1. Product and Company Identification

Product Code: BSNX109.4
Product Name: Mold Armor Mildew Remover Plus Blocker

Manufacturer Information
Company Name: W. M. Barr
2105 Channel Avenue
Memphis, TN  38113
Phone Number: (901)775-0100
Emergency Contact: 3E  24 Hour Emergency Contact (800)451-8346
Information: W.M. Barr Customer Service (800)398-3892
Web site address: www.wmbarr.com
Preparer Name: W.M. Barr EHS Dept (901)775-0100

Synonyms
FG523, FG533

Revision Date: 01/29/2013

2. Hazards Identification

Emergency Overview
Caution: Harmful if swallowed. May cause eye irritation.

Potential Health Effects (Acute and Chronic)
This product has not been tested as a whole to determine health effects. The health effects listed below are associated with the individual ingredients.

EYES: Contact may cause severe irritation. May cause discomfort, pain, blinking, tear production, redness, swelling, and chemical burns of the eye.

SKIN: May cause skin irritation. Prolonged skin contact may cause mild to moderate local redness and swelling.

INHALATION: Vapor may cause headache, nausea, and dizziness. May cause irritation of the upper respiratory tract.

INGESTION: May produce signs of intoxication characterized by incoordination, dizziness, drowsiness, headache, nausea, mental confusion, possibly slurred speech, and stupor, depending on the quantity of material ingested. May result in burns of the mouth and throat.

CHRONIC OVEREXPOSURE EFFECTS:
Diethylene Glycol Monobutyl Ether: In animals, effects have been reported on blood (hemolysis) and secondary effects on the kidney and liver. Humans appear to be resistant to this effect.

EDTA and its sodium salts have been reported to cause birth defects in laboratory animals only at exaggerated doses that were toxic to the mother. These effects are likely associated with zinc deficiency due to chelation.

TARGET ORGANS: skin, respiratory system, eyes
Signs and Symptoms Of Exposure
No data available.

Medical Conditions Generally Aggravated By Exposure
No data available.

OSHA Regulatory Status:
This material is classified as hazardous under OSHA regulations.

3. Composition/Information on Ingredients

4. First Aid Measures

Emergency and First Aid Procedures
Skin:
Immediately begin washing the skin thoroughly with large amounts of water and mild soap, if available, while removing contaminated clothing. Seek medical attention if irritation persists.

Eyes:
Immediately begin to flush eyes with water, remove any contact lens. Continue to flush the eyes for at least 15 minutes, then seek immediate medical attention.

Inhalation:
Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get immediate medical attention.

Ingestion:
If swallowed, do NOT induce vomiting. Seek immediate medical attention. Call a physician, hospital emergency room, or poison control center immediately. Never give anything by mouth to an unconscious person. If spontaneous vomiting is about to occur, place victim's head below knees. If victim is drowsy or unconscious, place on the left side with head down.

Note to Physician
Treatment of overexposure should be directed at the control of symptoms and the clinical condition of the patient.

5. Fire Fighting Measures

Flash Pt: No data.
Explosive Limits: LEL: No data. UEL: No data.
Autoignition Pt: No data available.

Fire Fighting Instructions
Self-contained respiratory protection should be provided for fire fighters fighting fires in buildings or confined areas. Storage containers exposed to fire should be kept cool with water spray to prevent pressure build-up. Stay away from heads of containers that have been exposed to intense heat or flame.

Flammable Properties and Hazards
Flashpoint: No flash to boiling.

Hazardous Combustion Products
Carbon monoxide, carbon dioxide
Suitable Extinguishing Media
Non-combustible liquid - use extinguishing media for underlying cause of fire.

Unsuitable Extinguishing Media
None known.

6. Accidental Release Measures

Steps To Be Taken In Case Material Is Released Or Spilled
For small spills: Absorb spill with inert material (e.g. dry sand or earth), then place in a chemical waste container.

For large spills: Wear appropriate PPE and keep all unnecessary personnel out of the area. Stop spill at the source, dike ahead of the spill if possible, and contain the spill. Recover as much as possible and use absorbent material to collect the remaining liquid. Prevent runoff from entering drains, sewers, or bodies of water.

Dispose of according to all applicable local, state, and federal regulations.

7. Handling and Storage

Precautions To Be Taken in Handling
Avoid contact with eyes, skin, and clothing. Do not reuse this container.

Precautions To Be Taken in Storing
Keep from freezing. Store in a cool dry place.

8. Exposure Controls/Personal Protection

Respiratory Equipment (Specify Type)
When used as directed, respiratory equipment should not be needed.
Wear NIOSH approved respiratory protective equipment when vapor or mists may exceed applicable concentration limits.

Eye Protection
Safety glasses should be worn during normal handling of this material.

Where contact with the eyes or face is likely, a faceshield or chemical splash goggles should be worn to prevent eye contact.

Protective Gloves
Wear gloves with as much resistance to the chemical ingredients as possible. Glove materials such as nitrile rubber and latex will provide protection. Glove selection should be based on chemicals being used and conditions of use. Consult your glove supplier for additional information.

Other Protective Clothing
Various application methods can dictate use of additional protective safety equipment, such as impermeable aprons, etc., to minimize exposure.

Engineering Controls (Ventilation etc.)
Ventilation is normally not required when handling or using this product to keep exposure to airborne contaminants below the exposure limit.

Work/Hygenic/Maintenance Practices
Wash hands thoroughly after use and before eating, drinking, smoking, or using the restroom.

Do not eat, drink, or smoke in the work area.
Discard any clothing or other protective equipment that cannot be decontaminated.

Facilities storing or handling this material should be equipped with an emergency eyewash and safety shower.

9. Physical and Chemical Properties

Physical States: [ ] Gas  [X] Liquid  [ ] Solid
Melting Point: No data.
Boiling Point: 210 F
Autoignition Pt: No data.
Flash Pt: No data.
Specific Gravity (Water = 1): 0.998 - 1.002
Density: 8.47
Vapor Pressure (vs. Air or mm Hg): < 0.1 MM HG at 68 F
Vapor Density (vs. Air = 1): No data.
Evaporation Rate: complete
Solubility in Water: N.D.
Percent Volatile: 8 - 10
Appearance and Odor Free and clear, colorless.

10. Stability and Reactivity

Stability: Unstable [ ] Stable [X]
Conditions To Avoid - Instability No data available.
Incompatibility - Materials To Avoid
Oxidizers, reactive metals, materials reactive with hydroxyl compounds, amines, strong acids
Hazardous Decomposition Or Byproducts
Carbon monoxide, carbon dioxide, ammonia, nitrogen oxides, aldehydes
Possibility of Hazardous Reactions: Will occur [ ] Will not occur [X]
Conditions To Avoid - Hazardous Reactions No data available.

11. Toxicological Information

Toxicological Information No data available.
Chronic Toxicological Effects No data available.

12. Ecological Information

General Ecological Information
Not tested.

13. Disposal Considerations

Waste Disposal Method
Dispose in accordance with applicable local, state and federal regulations.

14. Transport Information

LAND TRANSPORT (US DOT)
DOT Proper Shipping Name
Not regulated by D.O.T.

Additional Transport Information
For D.O.T. information, contact W.M. Barr Technical Services at 1-800-398-3892.

15. Regulatory Information

US EPA SARA Title III
Hazardous Components (Chemical Name) | CAS # | Sec.302 (EHS) | Sec.304 RQ | Sec.313 (TRI) | Sec.110
--- | --- | --- | --- | --- | ---
1. Ethylenediamine tetraacetic acid, tetrasodium salt | 64-02-8 | No | No | No | No
2. Alcohol ethoxylate (Alcohols, C9-11, Ethoxylated) | 68439-46-3 | No | No | No | No
3. Diethylene glycol monobutyl ether (2-(2-Butoxyethoxy)ethanol (a glycol ether)) | 112-34-5 | No | No | Yes-Cat. N230 | No

Other US EPA or State Lists
Hazardous Components (Chemical Name) | CAS # | CAA HAP,ODC | CWA NPDES | TSCA | CA PROP.65
--- | --- | --- | --- | --- | ---
1. Ethylenediamine tetraacetic acid, tetrasodium salt | 64-02-8 | No | No | Inventory | No
2. Alcohol ethoxylate (Alcohols, C9-11, Ethoxylated) | 68439-46-3 | No | No | Inventory | No
3. Diethylene glycol monobutyl ether (2-(2-Butoxyethoxy)ethanol (a glycol ether)) | 112-34-5 | HAP | No | Inventory, 4 Test | No

EPA Hazard Categories:
This material meets the EPA 'Hazard Categories' defined for SARA Title III Sections 311/312 as indicated:

[X] Yes [ ] No Acute (immediate) Health Hazard
[X] Yes [ ] No Chronic (delayed) Health Hazard
[ ] Yes [X] No Fire Hazard
[ ] Yes [X] No Sudden Release of Pressure Hazard
[ ] Yes [X] No Reactive Hazard

Regulatory Information Statement
All components of this material are listed on the TSCA Inventory or are exempt.
