Section 1 – Chemical Product and Company Identification

Product Name: PITTSEAL® 444N sealant

Manufacturer/Supplier:
Pittsburgh Corning Corporation
800 Presque Isle Drive
Pittsburgh, PA 15239

Issue Date: September 14, 2001

Generic Name: solvent based sealant

NFPA HAZARD CLASS: Health: 2 Fire: 1 Reactivity: 0

Use: PITTSEAL® 444N sealant is a specially formulated butyl sealant used for sealing joints in FOAMGLAS® insulation systems, and to seal protrusions and metal jacket laps.

General Comments
General information and emergency information available 8:00 AM – 5:00 PM ET Monday through Friday.
CHEMTREC telephone number is to be used only in the event of chemical transportation emergencies involving a spill, leak, fire, exposure, or accident involving chemicals. All non-emergency questions should be directed to technical service.

1 = inextricably bound in mastic matrix and won’t be released for inhalation under normal application use.
*Identified as probably carcinogen to humans by IARC.
RF = respirable fraction         ND = nuisance dust        TD = total dust

SECTION 3 – HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

Possible cancer hazard. Contains a material which may cause cancer.
POTENTIAL HEALTH EFFECTS

Eyes: No known effects.

Skin: No known effects.

Inhalation: Inhalation is not an anticipated route of exposure. Calcium carbonate, crystalline silica, talc, and titanium dioxide are used as filler materials. When used in accordance with the product data sheet it is inextricably bound in the butyl matrix in normal use conditions. Therefore it presents no potential for respirable exposure.

Ingestion: Not an anticipated route of exposure. Small amounts are not anticipated to be harmful

REGULATED CARCINOGEN STATUS: Unless noted below, this product does not contain regulated levels of NTP, IARC, ACGIH OR OSHA listed carcinogens.

Existing Health Conditions Affected by Exposure: No known effects on other illnesses.

SECTION 4 – FIRST AID MEASURES

If in eye: Flush immediately with water for 15 minutes. Consult a physician if irritation persists.

If on skin: Wash material from skin with soap and water.

If ingested: If person can swallow, give one glass of water or milk. Do not induce vomiting. Get immediate medical attention. Never give anything by mouth to an unconscious person.

SECTION 5 – FIRE FIGHTING MEASURES

Flash Point/Method: Greater than 400 degrees F / Cleveland (204 C).

Upper Explosive Limit/Lower Explosive Limit: Not applicable.

Autoignition Temperature: Not applicable.

Appropriate Extinguishers: Use water spray, foam, dry chemical or carbon dioxide.

Special Fire Fighting Procedures: Persons exposed to products of combustion should wear self-contained breathing apparatus and full protective equipment.

Unusual Fire and Explosion Hazards: None known.

Hazardous Combustion Product: Incomplete combustion can yield low molecular weight hydrocarbons, carbon monoxide.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Spill or Leak Procedures: Scrape up and place in disposal container.

WASTE DISPOSAL METHOD: Dispose of material in accordance with federal, state and local regulations. Before attempting clean up, refer to hazardous information listed on this sheet.
SECTION 7 – HANDLING AND STORAGE

Consult the Technical Data Sheet for specific storage instructions.

SECTION 8 – EXPOSURE CONTROLS/PERSONAL PROTECTION

Eye Protection: Safety glasses.

Skin Protection: Not normally required.

Respiratory Protection: Not normally required. Use NIOSH/MSHA approved respirator if conditions warrant.

Ventilation: General dilution ventilation.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

SECTION 12 – ECOLOGICAL INFORMATION

No data available.

SECTION 13 – DISPOSAL CONSIDERATIONS

To the best of our knowledge, this product does not meet the definition of hazardous waste under the U.S. EPA Hazardous Waste Regulations 40 CFR 261. Solidify and dispose of in an approved landfill. Consult state, local or provincial authorities for more restrictive requirements. This product contains small amounts of arsenic compounds. Leachate tests have not been performed. Consult your state, local or provincial authorities for disposal recommendations.

Consult all regulations (federal, state, provincial, local) or a qualified waste disposal firm when characterizing waste for disposal. Dispose of waste in accordance with all applicable regulations.

SECTION 14 – TRANSPORT INFORMATION

UNITED STATES DEPARTMENT OF TRANSPORTATION (DOT)

DOT Proper Shipping Name: NOT REGULATED

It is our opinion that the information provided here may be used to transport this product in compliance with Canadian Transportation of Dangerous Goods.

SECTION 15 – REGULATORY INFORMATION

Federal
Toxic Substances Control Act (TSCA)
Section 8 (b) – Inventory Status
This product is in compliance with the Toxic Substances Control Act’s Inventory requirements.

SARA TITLE III
Section 313: This product does not contain regulated levels of any toxic chemical subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA) and 40 CFR part 372.

STATE REGULATIONS
California Proposition 65: This product contains chemical(s) known to the state of California to cause cancer (c) or reproductive (r) damage.
<0.0005% Arsenic compounds (inorganic) (c) listed February 27, 1987
0.1-1.0% Crystalline silica (c) 14808-60-7 listed October 1, 1988
<0.0005% Lead (c) (r) 7439-92-1 listed February 27, 1987

WHMIS IDENTIFICATION/OTHER INTERNATIONAL REGULATIONS
D2b

SECTION 16 – ADDITIONAL INFORMATION
This product contains the following substance(s) identified by OSHA, WHMIS, or the ACGIH as hazardous. During normal use, the material will not present an exposure risk. These material are inextricably bound in mastic matrix and won’t be released for inhalation under normal application use.

1-5% Talc-containing no asbestos fibers (14807-96-6)
Exposure limit respirable dust PEL 2 mg/M3 (OSHA); TLV 2 mg/M3 (ACGIH)
LD50: No data found  LC50: No data found

1-5% Titanium dioxide (13463-67-7)
Exposure limit total dust PEL 15 mg/M3 (OSHA); TLV 10 mg/M3 (ACGIH)
LD50: No data found  LC50: No data found

HMIS RATING
Health-2  Flammability-1  Reactivity-0

See SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for personal protective equipment recommendations.
