Material Safety Data Sheet

Routes of Exposure  Inhalation, Ingestion, skin and eyes.

Acute Health Hazards

Inhalation: Minimal respiratory tract irritation may occur with exposure to large amounts of dust.

Ingestion: Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.

Skin: Unlikely to cause skin irritation.

Eyes: May cause transient slight irritation.

Chronic Health Hazards  Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.

Carcinogenicity  Refer to section 11.

4.0 First Aid Measures

Inhalation: Move person to fresh air immediately. If symptoms occur, consult a physician.

Ingestion: Rinse mouth with water. Drink one to two glasses of water. If symptoms occur, consult a physician immediately.

Skin: Wash affected areas thoroughly with soap and water. If irritation persists, consult a physician.

Eyes: Do not rub eyes. Immediately flush with large amounts of clean, lukewarm water (low pressure) for at least 5 minutes or until particles are removed. If irritation persists, consult a physician.

5.0 Fire Fighting Measures

Extinguishing media  CO₂, water, dry chemical

Unsuitable Extinguishing Media  None known

Special Firefighting Procedures  None

Unusual fire and explosion hazards  Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.

Auto-ignition temperature  Not available

Flashpoint (method)  Not applicable

Hazardous Combustion Products  CO₂, CO
6.0 Accidental release measures

**Spill or leak procedures**
Avoid breathing dust. Minimize the release of particles. Slowly sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of waste toner in accordance with local requirements.

**Environmental precautions**
Do not discharge into drains (See also Section 13, Disposal Considerations).

7.0 Handling and Storage

**Advise on safe handling and protection against fire**
Keep material out of reach of children. Avoid inhalation of dust and contact with eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames.

**Requirements for storage rooms and advise on storage compatibility**
Keep out of the reach of children. Keep container closed and store at room temperature. Keep away from strong oxidizers.
