Section 1: Product & Company Identification

Product Name: Di-Electric Grease

Product Number (s): 05105

Manufactured By:
CRC Industries, Inc.         General Information (215) 674-4300
885 Louis Drive           Technical Assistance (800) 521-3168
Warminster, PA 18974      Customer Service (800) 272-8963
www.crcindustries.com     24-Hr Emergency (CHEMTREC) (800) 424-9300

Section 2: Hazards Identification

Emergency Overview

Appearance & Odor: Opaque white gel, low odor

CAUTION: Contents Under Pressure

As defined by OSHA’s Hazard Communication Standard, this product is nonhazardous.

Potential Health Effects:

EYE: May cause mild, temporary irritation.

SKIN: For hypersensitive persons, may irritate the skin after prolonged periods of contact.

INHALATION: Viscous nature may block breathing passages if inhaled.

INGESTION: May cause diarrhea.

CHRONIC EFFECTS: None known

TARGET ORGANS: None known

Medical Conditions Aggravated by Exposure:

pre-existing skin sensitivities

See Section 11 for toxicology and carcinogenicity information on product ingredients.
Section 3: Composition/Information on Ingredients

Section 4: First Aid Measures

Eye Contact: Immediately flush with plenty of water for 15 minutes or until all residual material is gone. Call a physician if irritation persists.

Skin Contact: Remove contaminated clothing and wash affected area with soap and water. Call a physician if irritation persists. Wash contaminated clothing prior to re-use.

Inhalation: Remove person to fresh air. Clear air passage if blocked. Keep person calm. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Call a physician.

Ingestion: Wash out mouth immediately. Consult physician.

Note to Physicians: Treat symptomatically.

Section 5: Fire-Fighting Measures

Flammable Properties: As defined by OSHA, this product is not flammable.

Flash Point: > 500 F (COC)  Upper Explosive Limit: ND
Autoignition Temperature: > 600 F  Lower Explosive Limit: ND

Suitable Extinguishing Media: Foam, dry powder, carbon dioxide, sand, earth and water mist. Do not use water jet.

Products of Combustion: Smoke, airborne soot, hydrocarbons and oxides of carbon and silicone.

Protection of Fire-Fighters: Firefighters should wear self-contained, NIOSH-approved breathing apparatus for protection against suffocation and possible toxic decomposition products. Proper eye and skin protection should be provided. Use water spray to keep fire-exposed containers cool and to knock down vapors which may result from product decomposition.

Section 6: Accidental Release Measures

Personal Precautions: Use personal protection recommended in Section 8.

Environmental Precautions: Take precautions to prevent contamination of ground and surface waters. Do not flush into sewers or storm drains.

Methods for Containment & Clean-up: Scrape up the bulk of the material and then wipe up the remainder with a cloth. To prevent a slippery surface or walking hazard, pick up the remaining residue with diatomaceous earth.
Section 7: Handling and Storage

Handling Procedures: Wash hands after use and before handling food items.

Storage Procedures: Store in a cool dry area out of direct sunlight. Pressurized cans must be maintained below 120 F to prevent cans from rupturing.

Aerosol Storage Level: I

Section 8: Exposure Controls/Personal Protection

Exposure Guidelines:

Engineering Controls: Area should have ventilation to provide fresh air. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at the source, preventing dispersion into the general work area. Use mechanical means if necessary to maintain vapor levels below the exposure guidelines. If working in a confined space, follow applicable OSHA regulations.

Respiratory Protection: None required for normal work where adequate ventilation is provided. Use a self-contained breathing apparatus in confined spaces and for emergencies.

Eye/face Protection: For normal conditions, wear safety glasses. Where there is reasonable probability of eye contact, wear splash-proof goggles.

Skin Protection: Use protective gloves such as nitrile. Also, use full protective clothing if there is prolonged or repeated contact of liquid with skin.

Section 9: Physical and Chemical Properties

Physical State: gel
Color: opaque white
Odor: low
Specific Gravity: 1.06
Initial Boiling Point: > 600 F
Freezing Point: ND
Vapor Pressure: < 0.01 kPa
Vapor Density: > 5 (air = 1)
Evaporation Rate: < 0.01 (butyl acetate = 1)
Solubility: ND
pH: neutral
Volatile Organic Compounds: wt %: 0 g/L: 0 lbs./gal: 0
Section 10: Stability and Reactivity

Stability: Stable

Conditions to Avoid: Powerful sources of ignition and extreme temperatures.

Incompatible Materials: Strong inorganic and organic acids, oxidizing agents

Hazardous Decomposition Products: Burning generates smoke, airborne soot, hydrocarbons and oxides of carbon and silicone. Residue mainly comprised of soot and mineral oxides.

Possibility of Hazardous Reactions: No

Section 11: Toxicological Information

Long-term toxicological studies have not been conducted for this product. The following information is available for components of this product.

ACUTE EFFECTS

Mutagenicity: No information available

Other: None

Section 12: Ecological Information

Ecological studies have not been conducted for this product. The following information is available for components of this product.

Ecotoxicity: Unlikely to act as a marine pollutant.

Persistence / Degradability: No information available

Bioaccumulation / Accumulation: Bioaccumulation potential is negligible.

Mobility in Environment: No information available

Section 13: Disposal Considerations

Disposal: The dispensed product is not a RCRA hazardous waste. Pressurized containers may be considered a hazardous waste for the characteristic of reactivity with a waste code of D003. (See 40 CFR Part 261.20 – 261.33)
All disposal activities must comply with federal, state and local regulations. Local regulations may be more stringent than state or national requirements.

Section 14: Transport Information

Proper shipping description:

US DOT (ground): Consumer Commodity, ORM-D

Special Provisions: None

Section 15: Regulatory Information

U.S. Federal

Toxic Substances Control Act (TSCA):

All ingredients are either listed on the TSCA inventory or are exempt.

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA):

Reportable Quantities (RQ's) exist for the following ingredients: None

Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee.

Superfund Amendments Reauthorization Act (SARA) Title III:

Section 302 Extremely Hazardous Substances (EHS): None

Section 311/312 Hazard Categories:

<table>
<thead>
<tr>
<th>Hazard Category</th>

</tr>
<tr>
<td>Chronic Health Hazard</td>
<td>No</td>
</tr>
</tbody>
</table>

Section 313 Toxic Chemicals:

This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:

None

Clean Air Act:

Section 112 Hazardous Air Pollutants (HAPs): None

Consumer Product Safety Act General Conformity Certification: This product was evaluated by CRC Industries, Inc., and is certified to be in compliance with the provisions of the Consumer Product Safety Act, the Federal Hazardous Substances Act and the Poison Prevention Packaging Act, as applicable. This product was manufactured at the location listed in Section 1 of this MSDS. The date of manufacture is stamped on the product container. No testing is required to certify compliance with the above

State Regulations

California Safe Drinking Water and Toxic Enforcement Act (Prop 65):
This product may contain the following chemicals known to the state of California to cause cancer, birth defects or other reproductive harm: NONE

State Right to Know:

New Jersey: 7727-37-9
Pennsylvania: 7727-37-9
Massachusetts: 7727-37-9
Rhode Island: 7727-37-9

Additional Regulatory Information: None

Section 16: Other Information

NFPA: Health: 0 Flammability: 1 Reactivity: 0
HMIS: Health: 0 Flammability: 1 Reactivity: 0 PPE: B
