

Our amazing faculty have opened their classes today so you can get the full Conn experience! There are just a few things to know:

- This is an opportunity for students only. Parents/Guardians, check the schedule for other sessions taking place while your student is in class!
- If there are no empty seats when you enter a class, please don't remain in the room. (Look also for a sign posted outside the door indicating the class is full.)
- Be on time for the class and don't leave early.
- Do not take photos or recordings in the classroom.

Please note: This list was accurate at the time of printing, but some information may have changed. We apologize if you arrive at a class and it is not open to visitors.
