Connecticut College Policy on Alcohol and Other Drugs

Connecticut College’s policy on alcohol and other drugs balances institutional commitment to local, state and federal laws, the responsibility of individuals on our campus, and the health and safety of our community while upholding the educational mission of the College. The College is committed to providing campus education on the risks associated with alcohol and other drug use and misuse. Our policies and procedures strive to prevent the harm that may result from the misuse and abuse of these substances.

The College is committed to upholding local, state, and federal law; requiring proper management of events where alcohol is served; employing practices that minimize the misuse of alcohol and other drugs; and maintaining a drug-free workplace.

This policy and procedures apply to faculty, staff, students, and any individuals utilizing College owned or managed properties. It supplements the expectations outlined in the Employee Handbook and IFF, including but not limited to the Drug Free Workplace Act and Prohibited Alcohol Related Activity policy and the Personal Conduct Policy.

Policies

Alcohol

Individuals under the age of twenty-one may not possess or consume alcohol on campus. Individuals twenty-one or older may not (a) provide alcohol to individuals under the age of twenty-one, (b) possess open containers of alcohol outside of registered event spaces, or (c) play drinking games on campus. The alcohol policy also encompasses guidelines for service and use on campus.

Alcohol may not be served in an academic class regardless of the class location or in an individual office space. The College strongly discourages alcohol being served to any student in the private residences of faculty and staff (on or off campus). Alcohol consumption on College sponsored trips in foreign countries (i.e. SATA, TRIPs) follows the law of the country. Irrespective of location, there is inherent institutional and personal liability incurred by faculty and staff when they serve or support consumption of alcohol by students.

College employees are responsible for adhering to College policies regarding personal alcohol consumption at College events. Typically, consumption of alcohol is limited to appropriate business settings as determined by the department head (academic chair, vice president/ dean, or president). According to the College’s personal conduct policy for staff, staff may not use or be under the influence of alcohol or narcotics during work hours. This policy recognizes that work hours may be defined differently based upon an employee’s role at the College. When alcohol is served at an official College function during business hours, a staff member may choose to consume alcohol as long as they are not returning to work following the function.
The policy for use of College’s vehicles prohibits drivers and passengers from using any alcohol, or illegal drugs as well any substances that may reduce attentiveness or cause drowsiness. The driver must not operate the vehicle for a minimum of 12 hours after their last ingestion of any substance (including consumption of alcohol) that could cause impaired driving. *Note: the vehicle use policy applies to all persons (faculty, staff, students and volunteers) who drive Connecticut College administered (owned or rented) or their personal vehicles for the benefit of Connecticut College (whether or not reimbursement for mileage is sought).*

**Drugs**

The use, possession, or sale of illicit drugs or drug-related paraphernalia as defined by Connecticut State Law and/or Connecticut College is strictly prohibited on Connecticut College campus property. Illicit drugs are controlled substances that cannot be obtained legally or that, although available legally, have been obtained illegally. Medical marijuana is prohibited on college campuses by the federal Drug Free Schools and Communities Act, regardless of whether it is permitted by state law. Distribution of illicit drugs includes the purchase, sale, or other transfer of any substance in any amount, and any attempt to distribute. The possession of drug-related paraphernalia (i.e. bongs, water pipes, vaporizers, grinders) is also prohibited. Examples of illicit drugs include: marijuana, molly (MDMA), cocaine, synthetic drugs, salvia, prescription drugs that have not been lawfully prescribed for the individual and the misuse of legally prescribed drugs by the individual to whom the drugs were prescribed.

The College reserves the right to notify the appropriate law enforcement agency regarding illegal alcohol and drug activity. An employee who is convicted of any criminal drug statute is required to notify the Office of Human Resources within five (5) days of such conviction. The College may take disciplinary action against any employee who is so convicted and/or require the employee to participate in a substance abuse assistance or rehabilitation program. Students violating the College’s alcohol or drug policy or local/state/federal laws will be subject to the student conduct process outlined in the Student Handbook.

Any employee or student who is misusing or abusing alcohol or other drugs is urged to stop such activity voluntarily and to participate in a counseling or rehabilitation programs. Student Counseling and Health Services offers assistance to students and employees may seek assistance through the College’s Employee Assistance Program and the College’s health insurance plans. Information about the Employee Assistance Program can be found in the Employee Handbook and the employee benefits web page ([www.conncoll.edu/employment/benefits/](http://www.conncoll.edu/employment/benefits/)). Information about resources for students may be found in the Student Handbook.

Such measures must include:
- requiring proof of age from a valid government identification of individuals who will be served alcohol,

The event sponsor may request to have Campus Safety present or event registration details may prompt Events and Catering or the Office of Student Life to recommend or require security personnel to be present at the event. The decision will be based on several factors including:
- History of the event and event sponsor
- Nature of the event
- Anticipated attendance

**GENERAL EVENT REGULATIONS**

**The Sale of Alcohol Beverages**
An event where alcohol is sold (or there is an admission fee for an event with alcohol) requires a permit by the state of Connecticut. If the event sponsor is not using Events and Catering (which has a permit), the event sponsor is required to obtain the permit and provide a copy of the permit when registering the event with Events and Catering. Events with permits require a licensed, insured vendor.

Events held in Humphrey’s campus bar do not require a separate permit as Humphrey’s has a permit to sell alcohol.

**The Service of Donated Alcohol**
There may be exceptional circumstances (i.e. Board of Trustees events) when alcohol is donated for a college event. Catering or a licensed vendor must be contracted to serve the alcohol. Donated alcohol for events with students must receive prior approval from the Office of Student Engagement and New Student Programs.

**Advertising Events with Alcohol**
The College permits advertising events with alcohol with following criteria. These criteria are in place for all forms of advertising including print and
electronic invitations, posters, announcements, and all other forms of advertising:

- All advertising must clearly reference the provision of non-alcoholic beverages and food.
- All advertising must include the following statement: **Only individuals 21 years of age and older (with a valid government issued identification) will be served alcohol.**
- Advertising **may not** include any reference to underage consumption, binge drinking or any other abuse of alcohol, any graphics or pictures/photos that depict and/or promote alcohol or forms of alcohol consumption, or any reference to the quantity of alcohol being served at the event.
- All student-sponsored events (both private and public) require approval by the Office of Student Engagement and New Student Programs prior to being advertised in any forum. Private events with alcohol may only be advertised via private invitation.
