THIS COMPLETED FORM SHOULD BE ON FILE WITH THE OFFICE OF THE REGISTRAR, FANNING 105, BEFORE ENROLLING IN COURSES.
POLICY AND PROCEDURE GOVERNING PERMISSION TO TRANSFER CREDITS FROM ANOTHER COLLEGE OR INSTITUTION

Students matriculated at Connecticut College must comply with the following instructions and policies in order to transfer credit taken at another accredited institution.

1. Attach a copy of the description from the host institution’s course catalog and, if possible, a course syllabus.
2. Transfer credit must be pre-approved by the relevant department/program chair or designee prior to enrolling in the course if it will be used for major/minor or GE/MI credit. The adviser pre-approves general credit and the overall transfer credit application. The class dean’s signature is always required. Submit the completed and approved form to the Registrar’s Office.
3. Courses taken elsewhere must be graded. No grade of “P”, “S” or “CR” will be accepted. Grades and credits are translated to the Connecticut College system for posting on the permanent record.
4. Transfer credit will be awarded upon receipt of a SEALED OFFICIAL TRANSCRIPT sent directly to the Registrar’s Office.

PLEASE READ THE FOLLOWING CAREFULLY. CONTACT THE REGISTRAR’S OFFICE OR THE CLASS DEAN WITH QUESTIONS.

APPROVALS REQUIRED:
The institution selected must be accredited to offer college level courses. The student must secure approval BEFORE enrolling in an outside course so that the course work in question can be applied toward the Connecticut College degree.

The form must be signed by the student's adviser. The class dean's signature is always required. Students planning on transferring courses that are offered online*, or those that will count toward General Education/Modes of Inquiry or for the major or minor must also seek the approval of the appropriate department or program. All Mathematics, Computer Science, Physics, Astronomy, and Geophysics courses always require departmental approval, even if the course will only be used for general credit. *Please note that approval of online courses is at the sole discretion of the department/program; not all departments/programs approve online courses.

Courses may not be repeated for credit. Any student who has received a passing grade and earned credit for an individual course may not repeat the course; this includes Advanced Placement, summer school, winter sessions, and all course work taken at other institutions. Please note that this policy does not apply to certain Seminars, Individual Study courses, and courses specifically noted in the catalog that by faculty vote may be repeated. A student who has failed a course may repeat it. The original grade will remain on the record and will be calculated into the grade point average; the second grade will also be recorded and calculated into the grade point average.

ON-LINE COURSE WORK:
All on-line course work must be approved by the chair of the related department/program, even if the course is for elective credit only.

TRANSFER OF CREDITS AND GRADES FOR THE PERMANENT RECORD:
The Registrar’s Office determines credit equivalencies. While the content of a course may equal or approximate the content of a Connecticut College course, some courses might not be equal in credit hours. Wherever the credit system of the other school is different from the Connecticut College system, students are advised to consult the Registrar’s Office, in advance, about credit equivalencies.

All grades and credits earned at the host institution are posted to the Connecticut College transcript and included in the student’s overall GPA.

To ensure transfer of credit, once the course has been completed the student should request that the host institution send an official transcript directly to the Office of the Registrar at Connecticut College.

RESIDENCY REQUIREMENT FOR THE B.A. DEGREE:
Courses taken at Connecticut College will count toward the two-year (64 semester hours) residency requirement required for the B.A. degree. However, courses taken at any other institution will not count toward the residency requirement. All students are required to complete a minimum of 64 semester hours at Connecticut College.
