

## Designated Assembly Areas for Connecticut College Buildings (Revised 05/30/2014)

### EVACUATION PROCEDURES

1. Upon the hearing the alarm, immediately exit the building and report to the Designated Assembly Area. Do not use the elevator.
2. Assist disabled individuals from the building. If the disabled individual is unable to evacuate (or be evacuated), assist them to an "area of refuge" in a room with an exterior window, or in a stairwell that can be isolated by tightly closed fire doors. Stuff clothing under the door to keep smoke out. Call 911 and inform the dispatcher of your location, and wait for assistance from the Fire Department.
3. Report to your **House Fellow, Supervisor or Instructor** who will be taking roll call. Communicate the known whereabouts of occupants who have not answered the roll call.
4. Stay calm, and report any pertinent information (smoke, flames, smells, etc.)
5. DO NOT attempt to reenter the building for any reason, until the "All Clear" is sounded.
